

PAD 105/62
31 July 1962

MEMORANDUM FOR: Chief, Plans and Development Staff, NPIC
FROM: Chief, CIA/PAD(NPIC)
SUBJECT: Optimum KH Ground Resolution for PI Analytical
Solutions

1. The consensus of our PI analytical opinion is that KH ground resolution [] is required to solve the critical problems now facing the intelligence community. This resolution would answer roughly 95% of all the requests submitted to this Division from CIA analytical components. Attached are memorandums from the PAD substantive branches detailing the specific intelligence this degree of resolution would afford.
